

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

Dear Parents,

Beginning this summer, in our continuous efforts to provide the best possible care to our campers and staff, Camp Jordan is partnering with CampDoc.

Specifically designed for camps, CampDoc is a comprehensive online health management system that improves efficiency and maximizes camper safety. CampDoc consolidates and integrates camper health information into a centralized and secure location. Their systems give our doctors and nurses instant access to camper health information, a key component in providing quality patient care. Only Camp Jordan's health staff will have access to camper medical information and the security, confidentiality and privacy of your child's health information will always be protected. As well, data transmitted through CampDoc is secured and encrypted using industry-standard SSL.

Shortly after the new year you will receive an email from CampDoc with a secure username as well as instructions on how to access their system and complete your child's health and medication information. Please set register@campdoc.com as a 'safe sender,' to avoid accidental delivery to junk and spam folders.

We are excited to continually evolve- building safer, more productive and more efficient systems to create the best experience for you and your family.

We can't wait to see you this summer,

Emerald Russell
